NYC CORPORATE SERVICE BOOK
NYC Service, a division of the Mayor’s Office, builds partnerships to deepen and expand civic engagement through volunteerism and service programs, creating sustainable change for our city’s greatest needs. Its vision is to unite New Yorkers in service to advance lifelong civic engagement for a more equitable and inclusive city. To learn more about NYC Service and connect to volunteer and national service opportunities across the five boroughs, visit nyc.gov/service.

The Look Book provides a glimpse into the array of different volunteer opportunities offered by our nonprofit and City Agency partners.

For questions or general inquiries, please email Shilpa Jackman, Public/Private Partnerships Director, at sjackman@cityhall.nyc.gov.

ABOUT
48in48 strives to be the global catalyst for marketing and technology volunteerism. We are forging new ground in social entrepreneurship by bringing together digital innovation, business agility, and passion. Together, they give nonprofits a better chance of realizing their vision by reaching more donors and volunteers. Equipping volunteers to help the helpers is the future of doing good.

1-100 PPL  OCT 4-6, 2019  Friday  All Day  Manhattan
ABOUT
Back on My Feet (BoMF) is a national nonprofit in 12 major cities that combats homelessness through the power of running, community support and essential employment and housing resources. Back on My Feet uses running and community to motivate and support individuals every step of the way from homelessness to independence. Our success is measured not only by the health impact of miles run, but also by how many individuals obtain education, employment, and housing.

Back on My Feet recruits members at homeless and residential facilities around the country and begins with a commitment to run three days a week in the early morning. After 30 days in the program, members with 90% attendance earn the opportunity to move into the second phase of the program called Next Steps, which provides educational support, job training programs, employment partnership referrals and housing resources. Over 80% of individuals who start our program move into the Next Steps phase.

In Next Steps, members work with BoMF program staff to develop a personal road map to independence. Each member attends financial literacy classes and job skills training provided through partnerships with our corporate partners. Members can earn financial assistance to remove barriers to employment and housing such as work supplies, transportation and security deposits. Members who achieve employment and housing become Alumni Members. Within six months of becoming a Back on My Feet Alumnus, 90% of members maintain their employment, 60% receive a wage increase and 20% achieve a promotion.

Our unique running-based model demonstrates that if you first restore confidence, strength and self-esteem, individuals are better equipped to tackle the road ahead and move toward jobs, homes and new lives. For all in need, we aim to provide practical training and employment resources for achieving independence, an environment that promotes accountability, and a community that offers compassion and hope. For all with the capacity to serve—volunteers, donors, community and corporate partners—we seek to engage you in the profound experience of empowering individuals to achieve what once seemed impossible through the seemingly simple act of putting one foot in front of the other.

ONE TIME CORPORATE VOLUNTEER OPPORTUNITIES

RUN FOR US  BoMF’s FundRacing program combines the exhilaration of running your favorite race with the satisfaction of giving back! FundRacing guarantees entry into your favorite or sold-out races, including: Boston Marathon, New York City Marathon, London Marathon, to name a few. When you FundRace for BoMF, your commitment to raising a set amount of money will go directly to the program. What’s more, in many cities you have the unique opportunity to run alongside the very individuals you are supporting. Hundreds of our members have completed marathons and some have even completed ultra-marathons.

| 3-15 PPL | All Days of the Week | 3-5 hours, during the day | Manhattan |

SKILL BASED TRAINING WORKSHOPS  BoMF members enthusiastically strive to learn more and to prepare themselves for returning to the workforce. One way in which companies can volunteer their time is by designing and facilitating workshops. Topics for possible workshops include resume writing, interview skills, networking, mock job fairs, technology training (Microsoft, typing, iOS, etc.), financial literacy, customer service, public speaking, professional writing, and more!

| 10-20 PPL | Monday, Friday, Saturday | 3-5 hours, morning/evening | Manhattan |

RUN WITH US  Can running with those experiencing homelessness really change your life? Come find out. BoMF’s program begins with runs three days a week in the early morning at five locations throughout NYC. This commitment sets members up on a path towards accountability, sustainability and ultimately, independence. But our members don’t run alone. They do it alongside the support of volunteer runners like you, helping them accomplish important life goals and cross finish lines. Volunteers complete a one-hour orientation to prepare them to run with one of BoMF NYC’s six teams.

| 5-25 PPL | Mon, Wed, Fri, Sat | 5:30-6:30 AM or 7-8PM | Manhattan |

EMPLOYMENT PARTNERSHIPS  BoMF is looking for partners who are willing to consider employing or educating our members. Our members face many barriers to gaining suitable employment and earning a livable wage. While many members bring a wealth of knowledge and work experience, an inconsistent work history or unemployed status can make securing interviews difficult. For members who have proven themselves through BoMF, we are proud to make referrals to our employment partners. Target industries for these partnerships include commercial driving, customer service, food service, security, healthcare, labor/construction, clerical, and retail positions.

| 5-10 PPL | All Days of the Week | 1-2 hours, anytime of the day | Manhattan |
ABOUT

BRC MISSION
Since 1976, Bay Ridge Center (BRC) has improved the quality of life for neighborhood adults 60+ by providing vital resources to help them successfully age in place.

SERVICES
BRC’s services include home-cooked congregate meals, more than 25 exercise, technology, wellness and arts and culture classes weekly, case assistance, friendly visiting, shopping, and transportation. BRC employs a professional support staff of 40 and a robust volunteer base who work cooperatively with other organizations, businesses, schools, hospitals, and social service agencies. Additionally, BRC provides 650 homebound residents with Meals on Wheels seven days a week (110 of which are kosher). With over 1,500 active members, Bay Ridge Center is the largest and most active program serving adults 60+ in southwest Brooklyn.

Founded in 1902, Bigs & Littles NYC Mentoring strives to transform the lives of children through one-to-one mentoring, while strengthening entire families in hardship.

Community-Based Mentoring
In Bigs & Littles NYC’s keystone mentoring program, youth ages 7-17, are carefully matched with a Big Sister or Big Brother who serves as an adviser, role model, and adult friend. Mentoring matches meet twice monthly for activities such as enjoying a show or ballgame, working together on a service project, or spending time talking and exploring NYC. Matches are supported by life skills programming, crisis intervention, family support, and referral assistance as well as a dedicated Professional Program Manager to oversee and guide the match relationship. This mentoring model has been the core of Bigs & Littles NYC Mentoring mission for over a century.

W.O.W. (World of Work) Mentoring Program
As Bigs & Littles NYC Mentoring builds on over 115 years of expertise in one-to-one community-based mentoring, we are thrilled to pilot The W.O.W. (World of Work) Mentoring Program, an innovative initiative with Good Apple Digital and Academy of Software Engineering (AFSE), a local high needs neighborhood high school. Launched in October 2017, ten Good Apple employees are matched one-on-one with ten AFSE students with a concentration on college and career readiness. Employees of Good Apple bring experience in digital media, marketing, and advertising to share with their W.O.W. mentees, while the core of our program remains focused on relationship building. The curriculum for W.O.W. matches focuses on 21st century skills - the 4 C’s - necessary in all work environments: Communication, Collaboration, Critical Thinking, and Creativity.

ABOUT

Breaking Ground’s mission is to strengthen individuals, families and communities by developing and sustaining exceptional supportive and affordable housing, as well as programs for homeless and other vulnerable New Yorkers.

At Breaking Ground, we believe that everyone deserves a home. That’s why, since 1990, we have been providing permanent affordable housing for individuals and families who are homeless or at risk of becoming homeless. Beginning with a single building, we are now New York City’s largest provider of supportive housing. We own and/or operate 23 properties with over 3,530 apartments in New York City and beyond.

- For chronically homeless people, we create safe, secure housing with essential on-site support services to help them address the psychosocial, mental, and physical health problems that are obstacles to independent living.

- For those at risk of homelessness, our affordable housing provides an all-important safety net.

Our work has enabled more than 13,000 people to overcome or avoid homelessness since 1990, and we increase that number every single day. At the start of 2016, we have nearly 1,000 units of housing in various stages of development in the Bronx and Brooklyn, and are significantly expanding our Street to Home homelessness outreach program so that we can offer help to every single homeless person we meet.

ABOUT

BUILD NYC is a college and career readiness program for high school students in under-resourced neighborhoods. BUILD teaches students entrepreneurship, helping them launch their own small businesses. As a result, students learn through doing and walk away with valuable soft skills that help them as they enter college and into their careers. We focus on collaboration, communication, problem-solving, innovation, grit, and self-management.

#### HOST A FIELD TRIP OR WORKSHOP

Host BUILD students at your office for a field trip (exploration and exposure) or a career workshop. Help students prepare for the workforce by introducing them to what you do, and giving feedback on where they are in the BUILD curriculum.

| 5-30 PPL | Jan-May, Nov, Dec | Tuesday-Friday | During the day, 3-5 hours | Manhattan, Brooklyn, Bronx |

---

### CORPORATE MENTORING WITH BUILD NYC

Use your professional skills to support high school students on their path to college and career success. BUILD mentors work with a student business team, coaching them through the process of launching their own small businesses, in turn helping students learn valuable soft skills to help prepare them for professional pathways and college. BUILD provides the curriculum, and mentors help guide students through the process using their own knowledge and experiences. Volunteers do not have to have a business background to support. Sessions are teacher led.

| 2-4 PPL/ GROUP | Jan-May, Oct-Dec 7-9 months commitment req | Tuesday - Friday | Anytime, 4 hours/month | Brooklyn & Bronx |

---

### BUSINESS SHOWCASE JUDGE

When you volunteer at one of BUILD NYC’s showcases, you support high school students in under-resourced communities by advising their businesses. Judges provide constructive yet caring feedback to our rising entrepreneurs and their developing businesses. Judges listen to short pitches and evaluate teams on a range of criteria including innovation, feasibility, presentation skills and reflection. The exposure to real professionals in the community serves as an impactful touch point for our 9th grade students, even helping our young entrepreneurs learn about a possible career path as they grow professionally.

ABOUT
Carter Burden Network promotes the well-being of seniors 60 and older through a continuum of services, advocacy, arts and culture and volunteer programs, all oriented to individual, family and community needs. We are dedicated to supporting the efforts of older people to live safely and with dignity.

As a leader in aging services in NYC, the Carter Burden Network welcomes seniors to participate in programs and attend centers offering vital resources that support your independence and provide opportunities to form connections that enrich your life.

We encourage individuality, celebrate culture and ensure your voice is heard. We not only want you to feel involved, but inspired. We strive to help you begin the discovery of your best self the moment you walk through the doors of one of our centers or programs or receive a visit from our staff in your own home.

We will always go above. You will always belong.

At Citizen Schools, adolescents work side by side with experts to explore new fields, learn new skills, and build a foundation for their future. Citizen Schools aims to effectively set students’ sights on high school graduation and post-secondary matriculation, while building the 21st century skills, beliefs, and networks they will need to thrive in the modern economy. We partner with low-income communities that need additional support and resources. Our program supports academic achievement in core subjects like English Language Arts and Mathematics, while building important 21st Century and Social Emotional skills through real-world learning experiences.

CITIZEN SCHOOLS APPRENTICESHIP MODEL
Every semester Citizen Schools students participate in 10-week apprenticeships taught by Citizen Teachers (our external volunteer). Students are transformed into website designers, lawyers, financial advisers, and much more, learning how their current academics apply to a future pathway. We design curriculum to connect academic and 21st century standards to careers and real life. Each semester culminates in a WOW! event where students teach back what they learned to teachers, parents, and community members. The name “WOW!” is simply the most common reaction from adults when they see what our students have accomplished.

ABOUT
City Rocks / Brooklyn Boulders Foundation
City Rocks uses the sport of rock climbing to build mentoring relationships that empower students from under-resourced communities to develop self-confidence, resiliency, and the ability to succeed.

Student participants meet with their mentors at least four hours per month to climb at Brooklyn Boulders and participate in recreational, cultural, community service, or educational activities throughout the City. Mentors work with their mentees to help them set and achieve personal goals around climbing, academics, college, and career. Every spring mentoring pairs go on an outdoor rock climbing trip in the Shawangunk mountains in upstate New York. Currently the program partners with five Title I NYC public high schools.

ABOUT
Commonpoint Queens is a social services organization that meets the diverse and evolving needs in our borough—a place where people of all ages and backgrounds come together to find support, access opportunities, and build connections to community throughout their lives.

Guided by the Jewish values of service and justice, we were founded to support our local Jewish community, which we continue to do today. As the demographics have evolved over six decades, we have extended our reach in the community across 52 sites in Queens, including the Sam Field Center and Central Queens, where many of our programs are based.

You can come to Commonpoint Queens for early childhood programs, summer camp, senior services, mental health resources, support during crisis, wellness, and everything in between. Here, you will not only find programs that meet your individual needs, but you will be investing in a community that supports people across the entire borough. You make us who we are—and always will.

ABOUT
Comprehensive Development, Inc. partners with NYC public high schools to prepare young adults, ages 14–24, to secure a successful future for themselves and their families. Through this partnership, our students develop the capability to graduate from high school and make informed decisions on higher education and careers.

Our focus is on preparing students through individualized and intensive services to graduate from high school and go on to college or into the workforce. Students who receive CDI services graduate from high school, and get into and stay in college at higher rates than students who don’t receive our services. Our newest programs focus on job training certificate programs that give our graduates practical job skills.

Our students are determined to succeed despite the life challenges they face. The vast majority lives below the poverty line, many are older, 17–21 years old, and are completing high school while juggling work and families. As a network of three schools, we have the scale to bring transformational opportunities to young people, especially when preparing them for life after high school.

Our programs provide high school students and recent graduates with college and career advising, legal, medical and housing assistance, case management, and intensive tutoring. We also continue to support our graduates during the first two critical years after high school. According to CUNY’s most recent Where Are They Now? Report, students who receive CDI services average 26% higher in GPA, 15% higher in course pass rate, and 14% higher in first year college retention compared to similar students who didn’t receive services.

Through our robust certificate training programs in the medical fields, the young people we serve develop the practical skills they will need to enter and sustain family-supporting careers.

ABOUT
FABSCRAP is a nonprofit organization rethinking textile waste, providing pickup of unwanted fabric from NYC businesses and engaging the local creative community in reuse. We are working with over 200 brands and designers in New York picking up over 3,500 pounds of discarded textiles every week. This material is sorted, with the generous help of our volunteers, for recycling and reuse. Fabric is made available to students, makers, artists and the greater creative community to reuse and small scraps are able to be properly recycled. FABSCRAP is building infrastructure to reduce waste from the fashion industry as well as working to educate the next generation of designers in sustainable alternatives.

GallopNYC is a non-profit organization based in New York City that offers therapeutic horsemanship programs to children and adults with disabilities. We serve close to 500 riders a week and operate our riding program at four locations, all within NYC. Schedules at each location vary seasonally.

Therapeutic horsemanship teaches the skills of horseback riding and horse knowledge to build developmental, emotional, social, and physical skills for each individual rider. Under the direction of a PATH International certified instructor, supported by trained volunteers, each rider progressively acquires riding skills and measurable improvements in life skills. Through weekly sessions, we help riders walk, talk, learn and have FUN! We also offer hippotherapy services. Therapeutic horsemanship means learning to ride a horse but it means much more – it means building a bond with a horse, learning to care for a horse, understanding how horses perceive the world and respond to people, and ultimately being a leader to a horse.

ABOUT
Our mission is to shape the futures of low-income New York City public school children by providing critical academic, social, and emotional support starting in the early elementary years. The GO Project provides year-round educational and family support services to children who are performing below grade level and equips them with the confidence and skills needed to succeed at school, at home, and in life.

The GO Project’s approach is to target under-resourced and academically-struggling public school students at the earliest stage of their education and equip them with the skills needed for future success. The GO Project is a $2.6 million dollar organization with seven independent host site partners -- Grace Church, Grace Church School, LREI, Friends Seminary, Avenues: The World School, St. Luke’s, and Berkeley Carroll School -- serving 735 public school students in grades K-8 from more than 30 public schools in Lower Manhattan and Brooklyn.

GO PROJECT DAY OF SERVICE
GO Project Day of Service Groups are invited to join us for one or more Saturdays from November through March or a weekday from July to August to provide additional support to our classrooms.

After a brief orientation, Day of Service volunteers are placed into a GO elementary or middle school classroom. A professional teacher models a lesson, activity or project to a classroom of no more than 16 students. Volunteer tutors then continue to work with small groups of students on the lesson, providing individualized attention which allows the students to thrive.

EXPLORING CAREER EDUCATION POST: Our Exploring program offers worksite-based career education to young men and women ages 14-20 throughout New York City, where they learn in a group setting what careers in different industries actually entail. Participating organizations/companies agree to open their facilities to students after school for a series of sessions and engage employees as volunteers who will mentor the students once a week, for approximately five weeks. At these meetings, students tour the facilities, learn about the types of careers offered, the education and training necessary to hold the jobs, pay scales and what people do on a daily basis. Posts typically offer special industry-specific projects. These hands-on projects are as varied as our partner companies and agencies.

ABOUT

Groundswell creates empowering spaces where youth use art as a catalyst for personal and societal change. Since 1996, Groundswell youth and teaching artists have collaborated in neighborhoods across New York City to transform over 500 walls into high-quality public murals that reflect the values, concerns and activism of their communities.

We believe the process of making socially-engaged visual art—research, design and fabrication—mirrors the visioning, creating and collaboration necessary for social change.

Through our art-making programs, Groundswell youth (ages 13 to 19 plus students as young as 8 through our school-based programs) learn social justice principals, effective communication, meaningful collaboration, and histories of art and activism. Whether it's the Groundswell Master Studio, a school program, a community partnership, or a youth and artist development program all Groundswell programs provide a creative, collaborative and nurturing space. Our teaching artists are educator-activist-artists committed to collaboration and transformation.

ABOUT
Founded in 1984, Habitat NYC’s mission is to transform lives and communities by building and preserving affordable homes with families in need, and by uniting all New Yorkers around the cause of affordable housing. Our very first project was Mascot Flats, a dilapidated six-story building in Manhattan’s East Village neighborhood, which was reconstructed with the help of President Jimmy Carter. Since then, we have served more than 600 families.

The Harlem Educational Activities Fund (HEAF) is an extraordinary college prep and leadership program founded in 1989 by Daniel and Joanna Rose. HEAF was established in response to a compelling need to close the opportunity gaps in public education confronting underserved minorities in Harlem and Washington Heights. Since that time, we have expanded our reach of the "forgotten middle" to include students from four of the five boroughs attending over 100 public schools across the city. HEAF creates pathways to college and the professional world for nearly 600 low-income New York City minority youth each year, by providing resources that help them achieve higher education, fulfilling careers, and greater lifetime earnings.

HEAF’s program enrolls students beginning in 6th grade and supports them throughout college graduation with an 11 year commitment including academic enrichment, tutoring, mentoring, college and career exposure, cultural literacy & arts programs, summer learning, and college/financial aid counseling. Our results are outstanding: 100% of our students graduate high school on time and are admitted to 4-year colleges, and more than 80% earn bachelor’s degrees in 6 years.

ABOUT
HUNGER FREE AMERICA (formerly known as the New York City Coalition Against Hunger) is a national nonprofit group building a nonpartisan, grass-roots membership movement to enact the policies and programs needed to end domestic hunger and ensure that all Americans have sufficient access to nutritious food.

Our long-term goal is not just to ameliorate the problem, but also to build the people’s movement necessary to enact the economic and public policies needed to end hunger entirely. Given that hunger drains our economy and tears at our moral and civic fabric, we know that eliminating it will boost the nation both economically and spiritually. Towards that end, we’ve adopted the motto: “Ending hunger lifts us all.”

**ABOUT**
TutorMate is a nonprofit, national, online tutoring program, relying on volunteer full time working professionals who are employed at corporate sponsors. These volunteers commit to 30-minutes per week, during the school day, to provide real-time online (web-based) reading tutoring to an at-risk 1st grade student in their metro area. Nationally, the TutorMate program serves over 5000 students with about 10% of these being students attending NYC DOE elementary schools.

### LONG-TERM CORPORATE VOLUNTEER OPPORTUNITIES

**TUTORMATE ONLINE LITERACY PROGRAM.** Volunteers tutor directly from their workplace or from any location with Internet access. Tutors commit to tutoring once per week starting in the fall and continuing into the spring. Volunteers choose their times when they wish to tutor as well. TutorMate’s “virtual volunteer” approach enables busy employees to find the time to give back to their community in a way that makes a life-changing impact on young readers, without the need to spend valuable work time commuting across town.

**CASINO GAME/CRAFT DAY FOR SENIORS:** The Adult Day Health Care Program of Lighthouse Guild needs a team of 10 volunteers to help our visually impaired participants by engaging them in activities that create physical, mental, and creative stimuli. We would like to have a casino game day complete with horse racing, roulette, black jack and the like or crafting activities for the participants.

| 10-12 PPL | Jan, March, June, Sept, Nov | Monday-Friday | 9:30 am – 3:00pm | Manhattan |

**GOT TALENT? HOW ABOUT ENTERTAINING SENIORS?** We are interested in having an integrated variety show for our Adult Day Health Care Program. Our seniors will perform as well. Your team would come ready to perform.

| 8-15 PPL | Feb-April, Oct-Dec | All Days of the Week | Morning & Afternoon | Manhattan |

**HOST A TOUR OF YOUR COMPANY FOR TEENS** Give our students an opportunity to experience your work environment, hear about the different jobs known and unknown that it takes to run the business. Finally share the skills and course work necessary to succeed. The event will include time for icebreakers and lunch, where there will be an opportunity for one-on-one interactions with the teens.

| 10-12 PPL | Nov - Apr | Saturday | During the day | All Boroughs |

**CAREER PREPARATION MOCK INTERVIEWS** Our Career Services program provides training and assistance for visually impaired people who are looking for a job. We are looking for a group of corporate volunteers who are willing to conduct mock interviews for these program participants at their place of work.

ABOUT
Little Essentials offers at-risk families living in poverty urgently needed children’s supplies and parenting education to promote the health, well-being and safety of their children under five years of age. The strength of our model is partnering with a network of community organizations to break the cycle of poverty. Through this network of partner organizations, we provide diapers, safe sleep solutions (pack and plays/ bassinets), strollers, car seats, clothing, and other baby essentials to NYC families living in poverty. Since its foundation in 2011, Little Essentials has helped more than 26,000 NYC children and served as a safety net for families who may have otherwise fallen through the cracks. We provide desperately needed resources to families, at a time when they need them the most.

Little Essentials depends on volunteers – including individuals, community groups and corporate groups to come to our warehouse each week to clean, sort and organize donations. Volunteers enjoy working with Little Essentials because they recognize that their efforts help us fill orders for our community partners and get essential baby supplies into the hands of NYC families who need them most.

ABOUT
The mission of the Office of the Long Term Care Ombudsman is to protect the health, safety, welfare, human and civil rights of people living in nursing homes and adult care facilities.

Certified Ombudsmen are a vital link between residents of long term care facilities and the government resources able to investigate and resolve their problems. Ombudsmen are committed to advocating for these senior citizens and ensuring that residents' rights, unmet needs and complaints are handled and resolved effectively, while maintaining resident and complainant confidentiality. In this way, Ombudsmen protect and help improve the quality of life for the frailest of New York's senior population.

ABOUT

Make a Mark is a 12-hour design-a-thon that creates an equity of design for organizations that worry about the toughest problems in our cities, slave over grants and reports, and sacrifice money and time with their families so we don’t have to think about or solve these societal problems. We gather the best designers and developers in our city to work on projects for these organizations to help them make an even bigger impact.

MENTOR NEW YORK
MENTORING

ABOUT
Mentor New York is an affiliate of MENTOR: The National Mentoring Partnership. In partnership with MENTOR, Mentor New York leverages national resources, research and tools to provide local communities in New York the partnership, leadership and infrastructure necessary to support the expansion of quality mentoring relationships. We engage with the private, public and nonprofit sectors to ensure that we fulfill our mission to fuel quality mentoring relationships that bring a caring adult with children in need through safe, effective mentoring programs throughout New York State. Celebrating our 25th anniversary in 2018, we have accomplished much in terms of expanding quality mentoring across New York. Currently, we work with 640 mentoring programs which serve over 64,000 children, youth and young adults across New York.

Mission: Mentor New York fuels quality mentoring relationships that bring a caring adult together with children in need through safe, effective mentoring programs throughout New York State.
Vision: Our vision is to close the mentoring gap for the over 450,000 children in need throughout the New York State.

We will accomplish this by:
- Expanding our customized technical support and training to serve more youth
- Creating strategic partners throughout the state to leverage resources and information that builds and supports a strong state-wide mentoring movement
- Increasing the number of programs available to young people, recognizing the many programs following the Elements of Effective Practice in Mentoring and qualifying to become a part of New York Quality Mentoring System Honor Roll

**NEW ALTERNATIVES FOR CHILDREN, INC. (NAC)**

**ABOUT**

New Alternatives for Children, Inc. (NAC) was founded on the belief that all children have the right to be nurtured within a safe and permanent family.

NAC’s mission is to provide innovative high quality services in support of birth, foster, and adoptive families caring primarily for medically complex children. NAC’s mission includes children with severe physical, emotional, and behavioral challenges and developmental disabilities. NAC’s services enable children to remain in or to be returned to their families whenever possible or to be adopted by loving families. Working primarily with children whose birth families live in poverty, NAC’s continuum of services ensures that children’s physical, social, educational, recreational, medical, and mental healthcare needs are met.

By supporting families NAC prevents lengthy stays in foster care, hospitals, or other institutions. NAC builds on family strengths, provides opportunities, and assists all family members in reaching for and achieving their potential.

SKYLINE STUDIO AND OPEN ART STUDIO AT HASSENFIELD CHILDREN’S HOSPITAL

Monthly Bingo in our Skyline Studio; Thursdays 6:00 pm – 7:00 pm
The mission of the Hassenfeld Children’s Hospital Skyline Studio is to minimize the stress of illness and the health care experience through the therapeutic use of technology and media. Every Thursday, the Skyline Studio hosts Bingo. Patients can play Bingo live in the studio, or from their rooms and call in when they win. Children can also help host, operate a camera, or plan special effects during programming too.

Volunteers will help produce a live, interactive Bingo show. From hosting the game to being behind the camera, corporate volunteers allow us to ensure a fun, successful Bingo game for patients. Volunteers will make sure each patient can get the attention and focus they need, whether they are playing the game or helping the corporate volunteers to produce it.

Monthly Open Art Studio: 2nd Tuesday of Every Month
The Hassenfeld Children’s Hospital Open Art Studio program is a wonderful opportunity for children to express their thoughts and feelings. Corporate volunteers will collaborate with an art therapist or child life assistant to help children use a range of art materials to create works of art. Art supplies will range from finger paints to woodworking, and offer children an outlet for self-expression, and stress reduction.
Volunteers will also help assemble craft kits for patients that cannot join the Open Art Studio program because they are in their rooms. Staff will then be able to take these kits to children’s bedside so they too can engage in expressive artwork.

Host Interactive Events Throughout the Year
Co-plan an event with our Child Life team, and bring a lively and interactive experience to our patients and their families. Opportunities can accommodate 6 – 10 volunteers, and they will be broken into groups and placed at our new Hassenfeld Children’s Hospital, Fink Ambulatory Care Center, and the Stephen D. Hassenfeld Children’s Center for Cancer and Blood Disorders.

ABOUT
Opening Act seeks to level the playing field for students attending New York City’s most underserved public high schools by offering students opportunities to develop leadership, community, and commitment through our innovative, high quality, free, After-School Theater Program. Teens in grades 9-12 make a voluntary commitment to attend each of the 30 weekly 2-hour sessions. While many organizations provide short-term “access to the arts,” Opening Act’s year-long programs give students a sense of ownership, commitment, and community.

Our vision is to offer an accessible, high-quality arts education program to the city’s most underserved students – those who could benefit the most from our program. To do so, we target the city’s highest-need schools with disproportionately less access to resources than other schools in the system. These high schools are often flagged by the DOE as “under-performing” and are at risk of closure. We specifically reach out to schools with lower than average graduation rates (as few as 33% of students graduating in 4 years) and an evident lack of theater and arts programming.

For the 2018-2019 academic year, we are partnering with a total of 57 schools on 22 campuses throughout NYC, including 6 sites in partnership with Manhattan’s District 79. Each school continues to meet our core eligibility criteria: a lack of theater programming and lower than average graduation rates. A total of 35 Teaching Artists are working closely with their ensembles to provide workshops for over 425 high school students in improvisation, acting games, and writing exercises.

ABOUT
While open to all, the majority of POTS’ clients reside in the Bronx. Annually POTS will serve 30,000 clients, including 8,000 children. POTS comprehensive package of programs and services address both the immediate and long-term needs of Bronx residents. Services provided include case management and legal assistance, food provision and benefits access as well as medical and mental health offerings. The organization also provides on-site pantry, mail, shower and barber facilities. POTS also provides employment assistance to those seeking job placement and/or employment advancement opportunities as well as immigration services to those seeking a pathway to citizenship. POTS ensures that each client makes broad use of the ‘one-stop shop’ by thoroughly understanding each individual client’s need and introducing them to a range of information and services.

ABOUT
Project Sunshine is a multi-national, volunteer-based nonprofit that meets the social-emotional needs of pediatric patients and families living with all medical challenges.

Project Sunshine operates programs in 5 countries, impacts over 150,000 pediatric patients and their families, and provides meaningful community service opportunities to over 18,000 volunteers. We work hard to raise awareness for the emotional needs of children facing medical challenges and their often forgotten caregivers.

Our corporate volunteers are professionals committed to fulfilling the Project Sunshine mission alongside their colleagues. We partner with companies of all sizes and industries nationwide. Through customizable opportunities for community service and team-building, our corporate volunteers take a break from their day-to-day responsibilities to make a difference in a child’s life.

Corporate groups gather together to create Sending Sunshine care packages in their office. These essential kits keep pediatric patients entertained when they are lonely in the hospital. Project Sunshine also hosts especially themed parties in hospitals, where corporate volunteers do arts and crafts, face painting, and other fun activities with patients and their families.

REVITALIZE THE GARDENS AND NATURAL AREAS OF RANDALL’S ISLAND
TYPICAL VOLUNTEER PROJECTS ON RANDALL’S ISLAND

WEEDING
Help us remove unwanted plants. Weeding keeps our gardens and natural spaces free from invasive and undesirable plants. Weeding allows light to reach struggling natives which are essential for animal habitat and water quality.

PLANTING
The maintenance of Randall’s Island’s natural areas and gardens is a constant and ongoing project. Our Horticulture and Natural Areas teams often replace failing plants and experiment with new varieties. Volunteers will help put these new plants in the ground to ensure that our gardens continue to be beautiful for park users and our natural areas viable for native animals and insects.

MULCHING
Our gardens and wetlands can always use a fresh coat of mulch. Mulch keeps weeds at bay, retains water in the soil, and ensures that pathways are navigable. Volunteers may help lay protective landscape fabric along pathways and cover walkways with fresh wood chips recycled from storm damaged trees.

ABOUT
Read Ahead’s mission is to help students develop the social-emotional skills essential for academic and life-long success.

Since 1991, Read Ahead (formerly Everybody Wins! NY) has matched volunteer mentors from over 40 corporate and community partners with elementary school children throughout New York City for one-on-one lunchtime reading-based mentoring. Through the over 17,000 Read Ahead sessions held annually, our 1,000+ K-5th grade students develop confidence in their abilities, motivation to learn, and improve the skills needed to succeed in school and in life.

Read Ahead’s signature weekly program is a fun and meaningful way for employees to give back to their community. By matching corporate partners to nearby elementary schools, and providing training and support throughout the school year, Read Ahead makes it possible for busy professionals to have an ongoing impact for children in need of some extra attention. We also partner with companies to create one time service opportunities that can be customized to align with your philanthropic goals.

South Asian Youth Action

ABOUT
South Asian Youth Action (SAYA) is a 501(c)3 organization for New York City youth ranging in age from first-graders to college students, offering mentorship beyond the classroom. Our mission is to foster a strong sense of belonging in youth, and to provide them with tools to thrive academically, professionally, and personally. Founded in 1996, SAYA has grown into a $4.3 million organization currently running programs at nine New York City schools, as well as our community center in Elmhurst, Queens.

SAYA is South Asian-focused, inclusive and committed to connecting youth from all backgrounds to opportunities. Many of our participants are first- or second-generation immigrants and face challenges that can hinder their chances to be academically successful, graduate high school and go to college. SAYA provides an accessible, safe and culturally affirming space for youth and offers mentorship beyond the classroom so they confidently grow into engaged community members ready for college, career and personal success.

SAYA offers year-round programming that takes place during the school day, after school, on weekends and during the summer. Our holistic and comprehensive services include free leadership and identity development, academic support, college access and success programming, career exploration, sports, arts and STEM instruction.

Summer Search is a positive youth development organization that supports the development of purpose-driven leaders by increasing the number of students from low-income backgrounds who successfully complete college and enter the workforce. By providing crucial resources and opportunities, Summer Search helps students build the skills they need to overcome the barriers they face and define success for themselves. The Summer Search New York City office opened in 2003 as the third local site of a national nonprofit organization and has cumulatively served more than 800 students. Our program has generated inspiring outcomes: in short, 78% of Summer Search NYC students earn their B.A., compared to 21% of their peers.

The Bowery Mission has served homeless and hungry New Yorkers since 1879. Last year, The Bowery Mission provided more than 653,500 warm meals, 167,300 nights of shelter, distributed 46,380 articles of clothing, offered 13,300 showers and 1,300 onsite medical, dental and optometry exams. Each meal and every night of shelter is an invitation to residential recovery programs, where men and women get a second chance and lives are transformed from hopelessness to hope. The Bowery Mission’s residential programs served over 350 men and women who are regaining sobriety, reconnecting with family, pursuing educational goals, and preparing for work and independent living.

**MEAL SERVICE & COMPASSIONATE CARE:** Volunteers help with preparing and serving meals, keeping food prep areas clean and organized, and distributing clothing.

**VOCATIONAL SERVICE:** Help us prepare clients to reenter the workforce!

**CULTURAL EVENTS & SPECIAL PROJECTS:** An offsite cultural activity – such as a museum visit, theater or sporting event – would be educational and facilitate interaction among program residents and volunteers.

ABOUT
TKH was initially launched in 2014 as a program designed to introduce disconnected young adults to basic coding skills and career exploration in technology. To date, TKH has served more than 1500 young people from underserved communities. TKH’s current course offerings include our Exploring Technology (E-tech) program for high school students, our flagship Intro to Tech program for novice students and our Advanced programs in either Cross-Platform Development with JavaScript, Data Science with Python, Software Development with Java, or Usability Testing Certificate with Hostos Community College for advanced students seeking employment in the technology ecosystem.

Our mission is to empower and sustain a talent pipeline of technologists, entrepreneurs, and digital leaders who will uplift their communities out of poverty.

The Bronx has the opportunity to serve as a grassroots model for tech-powered economic and business development in communities left out of the traditional economy.

THE NEW YORK FOUNDLING

ABOUT
The New York Foundling is one of the community’s largest and longest-standing nonprofits, and is dedicated to nurturing the safety, well-being, and supportive relationships that each person needs to reach their full potential. Our story begins in 1869, when we were founded by the Sisters of Charity as a home for abandoned babies. Since then, we have evolved with the needs of the community into a leading provider of services to over 30,000 children, youth, adults, and families each year throughout New York City; Rockland, Westchester, and Orange counties; and Puerto Rico.

Since 2003, The Opportunity Network (OppNet) has worked with students from historically underrepresented communities in developing the skills, knowledge, and passions to achieve their college and career goals. This year, we are working with 880 students in our founding OppNet Fellows program in New York City. We work with students for six years—from the summer after 10th grade through to college graduation, and into careers—with remarkable results: 100% of OppNet Fellows graduate from college, over 90% of whom will be the first in their families to do so; and 85% secure meaningful employment or graduate school admission within six months of college graduation.

These results far exceed national trends, and we achieve them through our proprietary, best-in-class Career Fluency® curriculum that centers on four core pillars:
1) College Access, Transition, and Success;
2) Career Awareness and Exposure;
3) Professional and Workplace Skills; and,
4) Networks and Social Capital.

Armed with a track record of success over the last 15 years, OppNet is expanding its impact to support schools and youth-serving organizations to help their students become college- and career-ready. Through our Career Fluency® Partnerships program, OppNet works with our Partners to train their teachers, guidance counselors, and/or staff to adapt and deliver our curriculum, building each Partner’s own institutional capacity to achieve superior college and career results for the students they serve. To date, OppNet has worked with over 40 Partners across the country, reaching several thousand students.

### ABOUT

Thrive Collective (incorporated as 20/20 Vision for Schools, Inc.) is a New York City based 501(c)(3) nonprofit that creates hope and opportunity through arts and mentoring in public schools. Thrive’s programs – Murals, Music, Media, Mentors, and Sports – connect artists and youth workers with local students and schools as teaching artists, art directors, coaches, and mentors, providing project-based learning and curriculum that aligns with relevant City, State and federal standards, integrates life and art skills in four kinds of experiences: accredited, in-school classes; after school clubs; seasonal intensives; and weekend warriors. Thrive is a licensed New York City vendor with the departments of Education, Youth and Community Development, and Cultural Affairs. Thrive moved its headquarters and Studio Arts programs to the Living Redemption Youth Opportunity Hub in Central Harlem in early 2018.

In 2018, Thrive’s core programs worked with 3,000 students in thirty schools, producing thirty-five school murals totaling almost 12,000 square feet of public art; nearly forty art festivals, ribbon cutting celebrations, and school assemblies; a dozen student films; training and professional development for nearly 2,000 community leaders and educators; and 100% of graduating seniors from its School Mentors programs were accepted into college.

Thrive launched the Bring Art Back campaign in 2018 to restore art education to the 419 public schools and 250,000 students in New York City’s lowest income neighborhoods that lack arts and music teachers of any kind. The Bring Art Back campaign can eradicate this injustice within three years by connecting artists and youth workers with local schools as teaching artists, art directors, and mentors. Project based learning integrates life and art skills, as students cultivate a shared vision and bring that vision to life collaboratively.

**ABOUT**

Hope for Our Neighbors in Need (HNN) is a hunger relief and economic empowerment program based in New York’s Greenwich Village that serves hundreds of people in need each week through our food pantry and community meal programs. HNN is not simply a hunger relief organization. We also act as a conduit for resources, striving to empower our guests as they work to escape from the cycle of poverty. Rooted in hope, our mission is to eliminate hunger and provide people with the resources they need to achieve economic freedom.

UNION SETTLEMENT

ABOUT
Union Settlement is an on-the-ground resource for East Harlem residents of all ages, and a passionate advocate for the needs of underserved communities. Since opening our doors in 1895, we have brought education, wellness and community-building programs to our neighborhood, empowering New Yorkers with opportunities to better their lives. By helping our neighbors realize their goals, we build the vitality and success of East Harlem.
