

COMMUNICATION TO VOLUNTEERS

NYC Service, in partnership with the Office of Personnel Investigation (OPI) at the Department of Education, offers organizations engaging volunteers the opportunity to register with GoPass for volunteer background checks. GoPass is a simple, thorough, and reliable screening process for volunteers who work with vulnerable populations. Once an organization registers, all sponsored volunteers undergo a real time, fingerprint-based background check.

Applying for a GoPass is a five-step process.

1. Your sponsoring organization adds you to their Go Pass roster.*

3. Complete your online application within 10 days and print your referral form.

5. After undergoing a criminal background check...

2. Receive an email to complete the online application forms in Applicant Gateway.

4. Present the referral form and your government-issued photo ID to get fingerprinted and photographed in person.

*We will ask for your name and Social Security Number. We will use this information to look up your record in the GoPass System. This record is kept up-to-date in real time, and it includes your photograph to verify your identity and your eligibility for service.

APPLYING ONLINE

Once we have entered you onto our organization's roster, you will receive an email that prompts you to utilize [Applicant Gateway](#). Applicant Gateway is the secure website used by the NYC Department of Education to collect information from people applying to work in our schools. It is also used for Go Pass applications.

A: Volunteers will need to provide the following personal information:

Q: What does the background check entail for a volunteer?

A: The GoPass background check process covers a statewide search through the New York State Division of Criminal Justice Services (DCJS) with a request for a statewide criminal background check. Additionally, a FBI nationwide criminal background check is requested. Overall, the background check covers areas including, criminal history, adverse employment, military history, and status of any licenses or certificates. Each volunteer application is considered on a case-by-case basis, and all active volunteers are monitored in real time.

FAQs - VOLUNTEERS (cont.)

Q: What is the background check and clearance process for GoPass?

A: The GoPass background check and clearance process is as follows:

- 1. Once a volunteer is entered into the GoPass roster, he/she will receive a link from Applicant Gateway. Volunteers **must** complete the Background Check Questionnaire and print out the Fingerprint Referral form at least 24 hours before getting fingerprinted. Volunteers must bring the Fingerprint Referral form to the fingerprinting location.*
- 2. The volunteers' fingerprints are transmitted to the New York State Division of Criminal Justice Services (DCJS) for a statewide criminal background check and the FBI for a nationwide criminal background check.*
- 3. Once the Office of Personnel Investigation (OPI) at the DOE receives the background check results, there is a dedicated GoPass investigator who reviews the results and either clears volunteers or puts volunteers under investigation for additional screening. If an individual is deemed ineligible as a result of the investigation, he/she will not be able to volunteer.*
- 4. The entire background check process can take anywhere from 2-3 business days, best-case scenario, and up to 6 weeks, worst-case scenario.*

Q: Why is my organization representative requesting a photocopy of my Social Security Card?

A: If a volunteer's social security number has been entered incorrectly in the GoPass roster, the volunteer will be asked to provide a photocopy of their social security card to the organization's representative. Once the volunteer's identity is confirmed, the incorrect GoPass profile will be deleted and the representative will be able to re-enter the correct information.

Q: I would like to use the fingerprints I submitted for GoPass as proof of background check for an employer or another organization. How can I access my fingerprints?

A: Unfortunately, this is not something that GoPass can provide. The GoPass background check is handled internally by the Department of Education's Office of Personnel Investigation (OPI). The results cannot be shared with any outside organizations. Correspondingly, the GoPass background check process only clears a volunteer for service with GoPass member organizations only.

Q: Can I get fingerprinted through GoPass as an individual?

A: GoPass is a background check system for NYC 501(c)3 nonprofit organizations and city agencies. Individuals must be volunteers sponsored by a GoPass participating organization.
