

FY21 NYC Civic Impact Funding

FY21 NYC Civic Impact Funding Request for Application (RFA)

Page description:

NOTE: Please note that this application cannot be saved and returned to, and will require the applicant to upload an IRS 501(c)(3) Determination Letter, Form 990, as well as a Doing Business Data Form in order to be submitted. We recommend you gather these materials for easy access prior to beginning the application.

Overview

NYC Civic Impact Funding will support nonprofit and community-based organization efforts to engage volunteers who help deliver essential services to residents during the COVID-19 crisis. Organizations across the city are on the front lines – along with their volunteers – supporting residents in a multitude of ways. NYC Civic Impact Funding helps organizations strategically leverage volunteers to deliver essential services during (and after) this crisis, as well as strengthen community engagement and support at a time when it is desperately needed. Food access continues to be a particularly high need area, so this funding will focus support on food supplying and/or serving organizations.

Requirements & Priorities

NYC Civic Impact Funding is open to all community-based organizations and nonprofits who are currently engaging volunteers to deliver services to communities. In particular, organizations must be engaging volunteers to improve communities' access to healthy and culturally-appropriate food. In order to be eligible to apply, an organization must:

- Be community-based (e.g. serving particular neighborhood(s) in the five

boroughs, with genuine relationships with community stakeholders and residents)

- Be a 501(c)(3) nonprofit or have a fiscal sponsor
- Use funding exclusively to support NYC-based volunteer and civic engagement efforts related to COVID-19 response. *Organizations that also operate outside of NYC are eligible to apply, but must use this funding for their NYC programming.*
- Seek to improve their volunteer management practices and have the ability to run an effective volunteer program designed to deliver critical services (e.g. volunteer food distribution, meal preparation, logistical support, tracking data)
- Supply and/or serve food. *Funding may be used to support other COVID-19 response efforts that utilize volunteers, but volunteer-supported food distribution must be a major component of the programs funded.*
- Use funding to provide services to residents in one or more Racial Inclusion & Equity Taskforce Priority Neighborhoods (a list of these neighborhoods can be found online [here](#) and is provided after Question #14 in this application)

Preference will be given to organizations that:

- Demonstrate the greatest need and impact, relative to scale (based on organizational budget size, staff capacity, project scope and budget)
- Use funding to provide services to residents in one or more Racial Inclusion & Equity Taskforce Priority Neighborhoods that is identified as having a large supply gap

Other Funding Details

Applicants may request one-time funding for up to \$10,000 which must be used by June 30, 2021. Up to \$200,000 in total will be awarded to approximately 20

organizations. A successful application will demonstrate that funding will be used to support the implementation, improvement, or expansion of volunteer efforts who help deliver essential services to residents throughout the COVID-19 crisis.

Funding May be Used for:	Funding May NOT be Used for:
<ul style="list-style-type: none"> • Permanent employees directly supporting or leading volunteer engagement efforts to deliver critical services • Temporary employees or consultants to help build capacity for volunteer recruitment and/or management • Personal Protective Equipment (PPE) for volunteers • Supplies and/or food to support volunteers • Volunteer stipends (e.g. travel costs via metro card). <i>Note: volunteers receiving stipends should not be used as a replacement for full-time staff positions. Stipends should be used to offset costs incurred on behalf of volunteers, and should not be based on an hourly,</i> 	<ul style="list-style-type: none"> • Office furniture/equipment, general operating costs (e.g. rent, insurance, and/or utilities), and general administration fees • Food for distribution (if your organization is in need of food for community distribution, pantries can request food through NYC’s Pandemic Food Reserve Emergency Distribution

daily, weekly, or monthly pay rate.

- Volunteer training set up and/or materials
- Volunteer background checks and recruitment and/or outreach materials
- Plexiglass or other protective measures needed to transition from warm weather to cold weather operations
- Funding may also be used to support your organization in getting up and running with [Plentiful](#) – a free, easy-to-use reservation system for food pantries and the people they serve

(P-FRED) program. For more info, contact foodreserve@cityhall.nyc.gov.

Funding recipients may propose funds to be used in other ways through their application, as long as the request supports volunteer engagement efforts in response to the COVID-19 crisis. However, food delivery/service must be a primary component of the application in order to be considered. For further questions, please contact cif@cityhall.nyc.gov.

Expectations of Funding Recipients Selected Funding

Selected funding recipients must:

- Submit a mid-term report and final report upon completion of the funding term
- Submit timely receipts and invoices for services rendered within the funding agreement
- Participate in the NYC Civic Impact Funding FY21 Orientation
- Participate in NYC Service Mid-Term and End-of-Term Check-Ins
- Participate in a debrief session at the end of the funding term with NYC Service and other funding recipients
- Coordinate with NYC Service to co-brand relevant projects and promote on external channels
- **All funds must be used by June 30, 2021**

Next Steps & Application Instructions

To apply, interested organizations must complete the NYC Civic Impact Funding application, which includes a [projected budget table](#) and [Doing Business Data Form](#). For more information on the Doing Business Data Form, please see the Doing Business Data Form Q&A [here](#). Please note that once an application is started it cannot be saved and returned to. To review the NYC Civic Impact Funding Application in full, please click [here](#).

The application is due by **January 15th, 2021 at 5pm**. Applicants will be informed of their application status on or around February 19th, 2021. The funding term is anticipated to begin during or around the week of March 1st, 2021.

Basis for Contract Award

The contract will be awarded to the highest technically ranked applicant(s) whose price proposal is determined to be fair and reasonable and is determined to

be the most advantageous to the City, taking into consideration the price and such other factors or criteria set forth in this solicitation.

Evaluation Criteria and Procedures

All applications accepted by NYC Service will be reviewed to determine whether they are responsive or non-responsive to the requisites of this RFA. Applications that are determined by the Agency to be non-responsive will be rejected. A contract will be awarded to the responsible proposer whose application is determined to be the most advantageous to the City, taking into consideration the price and such other factors or criteria which are set forth in this RFA.

Racial Inclusion and Equity Taskforce (RIET) - List of Priority Neighborhoods

The following lists priority neighborhoods identified by the Racial Inclusion and Equity Taskforce (RIET). This list was developed from a multivariate analysis conducted by NYC Department of Health and Mental Hygiene (NYC DOHMH) which included social, economic, and health (including COVID) indicators, as well as additional health, social, and economic indicators of structural inequities. Note that all metrics used to identify the following neighborhoods reflect both direct, indirect, or risk factors for adverse impacts COVID-19.

While all organizations serving RIET Neighborhoods are encouraged to apply, priority will be given to those organizations serving RIET Neighborhoods that are also experiencing high unmet need for emergency food. These neighborhoods are highlighted below, and were determined using estimates from the most recent census tract-level data available.

Volunteer Tracking and Evaluation

Page description:

Volunteer Tracking and Evaluation

For the programming that would be supported by this funding, selected organizations are required to report on three common outputs related to food distribution and volunteer engagement. In addition, selected organizations can also submit up to three (3) secondary outputs and outcomes, such as youth mentored or seniors receiving social support. Note that Common Outputs #1-#3 are required. Additional outputs and outcomes are optional.

Outputs are defined as the quantifiable products of an activity, e.g. # of meals delivered, individuals served, volunteers deployed, services rendered, etc.

Outcomes are defined as the changes in attitudes, behaviors, and relationships of individuals, groups or organizations you work with directly, and occur as a result of your outputs. NYC Service will be using this information to inform strategies to support your agency division, and will help us leverage varied data for reporting. Please be as specific as possible.

35. 29. Common Output #1: Total number of **unique volunteers to be engaged** before June 30, 2021. *

Please provide a reasonable target for the number of unique volunteers your organization expects to engage before June 30, 2021.

36. 30. Common Output #2 (OPTION A): Total number of **unique residents to be served before June 30, 2021.**

NOTE: For Output #2, please choose EITHER Option A or Option B. Failure to select an option may result in the disqualification of your application. Option A refers to the number of unique residents you suspect your organization will serve during the funding period. Whether you count residents or households will likely depend on your organization's food distribution model (i.e. whether you distribute food to individuals at pop-up events or to households via a door-to-door delivery model).

Please provide a reasonable target for the number of unique residents your organization expects to serve before June 30, 2021.

37. 31. Common Output #2 (OPTION B): Total number of **unique households to be served before June 30, 2021.**

NOTE: For Output #2, please choose EITHER Option A or Option B. Failure to select an option may result in the disqualification of your application. Option B refers to the number of unique households you suspect your organization will serve during the funding period. Whether you count residents or households will likely depend on your organization's food distribution model (i.e. whether you distribute food to individuals at pop-up events or to households via a door-to-door delivery model).

Please provide a reasonable target for the number of unique households your organization expects to serve before June 30, 2021.

38. 32. Common Output #3 (OPTION A): Total number of **pounds of food to be distributed to residents before June 30, 2021.**

NOTE: For Output #3, please choose EITHER Option A or Option B. Failure to select an option may result in the disqualification of your application. Option A refers to the number of pounds of food you suspect your organization will serve to residents during the funding period. To determine the number of pounds of food your organization serves, we recommend weighing a single unit of food for distribution (e.g. a grocery bag, a box containing ingredients for preparing meals at the recipients home, or weighing ONLY the food within a larger care package), and multiplying that figure by the number of units you suspect your organization will distribute. If your organization serves prepared meals, we recommend selecting Option B for Output #3.

Please provide a reasonable target for the number of pounds of food your organization expects to distribute to residents before June 30, 2021.

39. 33. Common Output #3 (OPTION B): Total number of meals to be distributed to residents before June 30, 2021.

NOTE: For Output #3, please choose EITHER Option A or Option B. Failure to select an option may result in the disqualification of your application. Option B refers to the number of meals you suspect your organization will serve to residents during the funding period. If your organization serves prepared meals, we recommend selecting Option B for Output #3.

Please provide a reasonable target for the number of meals your organization expects to distribute to residents before June 30, 2021.
